SUMMARY

Senior React Native Developer with 8+ years in software engineering, starting as a native Android developer, building performant cross-platform iOS and Android apps with React Native, TypeScript, and Redux. Has shipped 7+ apps to the App Store and Google Play, including a 4.9-star sports training app with 10k+ Android downloads, across event ticketing, IoT device control, employee rewards, travel booking, and field operations. Owns mobile architecture, REST/GraphQL API integration, real-time features (chat, video calling, IoT controls), and the release lifecycle, backed by full-stack skills in Node.js/NestJS and AWS. Hands-on Team Lead for teams of up to 6. AWS Certified Cloud Practitioner.

TECHNICAL SKILLS

Mobile: React Native, iOS, Android, Redux, Native Module Integration, Performance Tuning, Xcode, Android Studio

Languages: JavaScript (ES6+), TypeScript, Java

Mobile Features: Real-time chat, Video calling, IoT device control (AWS IoT), Camera & image upload, REST & GraphQL API integration

Release & Delivery: App Store Connect, Google Play Console, CI/CD (GitHub Actions), Git, JIRA, Agile/Scrum, Code reviews

Web & Backend: React.js, Next.js, Node.js, NestJS, PostgreSQL, MongoDB

Cloud: AWS (ECS Fargate, RDS, CloudFront, AWS IoT), Terraform

PROFESSIONAL EXPERIENCE

Senior Software Engineer — Techverx, Lahore, Pakistan

Oct 2018 – Present

Software services company. Build and lead client mobile and web products as a React Native developer and Team Lead; key projects below.

RWAflood | Team Lead & Full-Stack Developer

Feb 2026 – Present

Real-world-asset (RWA) tokenization platform on Solana with KYC investor onboarding.

- Lead a team of 4; built React portals on a NestJS backend with AWS infrastructure provisioned via Terraform and GitHub Actions CI/CD.

FrameSuite ([App Store](#) · [Google Play](#)) | React Native Developer

Jan 2026 – Apr 2026

iOS and Android app for capturing client rooms to scale and uploading them directly into FrameSuite design and sales workflows.

- Built React Native room-capture and image-upload flows for field design and sales users.
- Improved usability and performance for day-to-day field use and shipped updates to the App Store and Google Play.

Tickato ([Web App](#)) | Team Lead & React Native Developer

Dec 2025 – Mar 2026

Digital ticketing platform with companion iOS and Android apps for event discovery, booking, and ticket management.

- Delivered the React Native iOS and Android apps for event discovery, booking, and ticket management.
- Led a team of 4 spanning mobile, web, and a Node.js / NestJS backend; managed timelines and stakeholder updates.

Aroma Retail ([App Store](#) · [Google Play](#)) | Team Lead & React Native Developer

Mar 2025 – Present

IoT-enabled mobile apps that control commercial scent machines for hotel, resort, casino, and retail clients.

- Lead a team of 3; built React Native apps for device onboarding, schedule management, and remote machine control.
- Implemented real-time machine status and controls (intensity, fan) on AWS IoT, with secure device communication and state sync.

Vivify Rewards ([App Store](#) · [Google Play](#)) | Senior React Native / Full-Stack Engineer

Jan 2025 – Mar 2026

Incentive and marketing platform with iOS and Android apps that drive employee and customer engagement.

- Built React Native features for incentive tracking, reporting, and engagement on Node.js / PostgreSQL APIs.
- Owned the mobile release lifecycle, publishing to the Apple App Store and Google Play.

DestiDime ([App Store](#)) | *Mobile Frontend Lead*

May 2024 – Jan 2025

Hotel and apartment booking platform where guests book stays and partners manage their own listings.

- Led React Native development for guest booking and host/partner onboarding flows.
- Integrated listing, policy, and reservation logic with Node.js / MongoDB backend services.

Pro5 Elevate ([App Store](#) · [Google Play](#)) | *Team Lead & React Native Developer*

Jun 2023 – Apr 2024

Baseball and softball training app connecting athletes with Pro5 coaches; rated 4.9 stars with 10k+ Google Play downloads.

- Led a cross-functional team of 6 while shipping features hands-on.
- Built React Native training tutorials, real-time chat, and coach video calls for athletes.

Omniteq Auto CRM | *Team Lead*

Jun 2023 – Jun 2024

CRM for car companies covering customer service, sales, and marketing.

- Led a team of 2 implementing core CRM features across mobile and web; ran planning and code reviews in JIRA.

Earlier client projects

2018 – 2023

- **RNWBL** (Mar 2022 – Nov 2022) — Built React Native features and supported releases for a renewable-energy field services app.
- **LiftOff Leads** ([Website](#)) (Jan 2022 – May 2023) — Led frontend development across web and mobile for an SEO and lead-generation platform.
- **Pavemint** ([Website](#)) (Jan 2021 – Oct 2022) — Built React Native and web flows for a parking suite: valet, passes, self-park, and marketplace.
- **IOEC Gateway** (Nov 2020 – Dec 2020) — Built React Native modules for a global supply-operations app and handled store publishing.
- **Expetitle** ([App Store](#)) (Mar 2020 – Apr 2020) — Led the React Native mobile app for a virtual title company, translating web workflows into mobile journeys.
- **CMAP Go** ([App Store](#)) (Nov 2018 – Feb 2019) — Built reusable React Native UI components and fixed core bugs for an expense, timesheet, and contacts app.

Android Developer — Wateen Telecom Limited, Lahore, Pakistan

Nov 2017 – Jul 2018

- Developed and maintained native Android application features in Java using Android Studio, the foundation for later cross-platform React Native work.

EDUCATION & CERTIFICATIONS**Bachelor of Science in Computer Science (BSCS)** — COMSATS Institute of Information Technology, Lahore

2017

AWS Certified Cloud Practitioner

Languages: English (Professional), Urdu (Native)
